Response to Amendment

1. The declaration under 37 CFR 1.132 filed 6-30-03 is sufficient to overcome the rejection of claim 12 based upon new matter under 35 U.S.C. 112 first paragraph.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

1. Claims 1-4, 6-7, 9-10, 13-16, 23-34, 39, 43, 45-54 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ahmed (5,981,457).
2. Ahmed discloses a liquid gel ware wash detergent composition comprising 5 to about 30% by weight of an alkali metal detergent builder salt such as sodium tripolyphosphate; 8 to about 50% by weight of a source of alkalinity; 0.1 to 2% by weight of a polymeric thickener; 0.1 to 2% by weight of a fatty acid bonding agent; and the balance water (col. 2, lines 34-63). Ahmed further teaches that said detergent component might comprise anionic surfactants in an amount from 0 to 5% by weight (col. 3, lines 51-65). Note, see table 5.

Ahmed is silent with respect to the pH of the composition. However, Ahmed teach all of the instantly required components in their requisite proportions, wherein one of ordinary skill in the art would expect the composition to comprise a pH of 10 to 14 because of the amount of alkalinity and because the composition are for caustic applications.

Response to Arguments

Applicant argues that said compositions of Ahmed are not sprayable.

The examiner respectfully disagrees and contends that applicant has not provided any evidence to support this allegation. The compositions of Ahmed require the same components for the same use and one of ordinary skill in the art would have been motivated to use said composition for spraying in the absence of a showing to the contrary. The arguments of counsel cannot take the place of evidence in the record. In *re Schulze*, 346 F.2d 600, 602, 145 USPQ 716, 718 (CCPA 1965); In *re Geisler*, 116 F.3d 1465, 43 USPQ2d 1362 (Fed. Cir. 1997) ("An assertion of what seems to follow from common experience is just attorney argument and not the kind of factual evidence that is required to rebut a prima facie case of obviousness."). See MPEP § 716.01(c) for examples of attorney statements which are not evidence and which must be supported by an appropriate affidavit or declaration.

Allowable Subject Matter

3. Claims 12 and 44 are allowed.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

Art Unit: 1751

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
